Traxs Winter Series

Upcoming Race Dates

March 9th

First of all, a Big Thank You goes out to all our sponsors and welcoming our new supporters this year! You will find our sponsors are just like you, enthusiasts of the our sport and dedicated to their businesses much like we are to our racing and riding. If you need any of their services please utilize them!!!

It's taken what seems like a very long time but we finally have had an indoor series and are able to run races on the Megatraxs site. Arenacross start set up with a larger than life track laid out in this old factory building has been an endeavor that that our family took on in 2015 which has blossomed to this day being an indoor riding arena and track which many riders and families have enjoyed.

This style of racing, be it indoors or outside at Megacross is on a smaller, more intense style stadium track which keeps the riders abilities sharpened and honed all winter long so they can compete all year long. NO longer are they waiting till spring to "ride" now they can keep tuned up all year and when it's time to race for championships, nationally or locally they are ready!

We started a few years ago hosting Trainers here as well, now Euphoria and Kelly Mx are working with riders every week to perfect those rider's abilities even more!

This will be 31 years for "Megacross is the Place to Race", and 23 years Fox Valley Off Road is the Place to Ride, and now with Megatraxs "the Inside Ride" going into it's 7th season. We don't do this as a part time job our devotion to this is our passion and we hope it shows. But the main thing is we hope you have a great night racing or spectating, in a world that has gone strange we plan to be normal! Enjoy the evening!

Pete Reitsch

Pete has been racing motocross since 1974 and also announces at Motosports Park in Byron, Megacross, Fox Valley Off Road and of course here at Megatraxs! We are proud to have Pete announce for the Mega Cross series for the last 30 years.
